

CHRIS, ANNABELLE AND PETER HAMPTON, INVITE YOU TO THE

WATERTON ANNUAL RAM OPEN DAY

SUFFOLK, SOUTH SUFFOLK, CHAROLLAIS AND CHAROLLAIS CROSS
OVER 55 YEARS OF BREEDING

TUESDAY 25 NOVEMBER 2014 - FROM 1PM
ADDRESS: BELMONT STATION - 50 KERR ROAD, RD 14, CAVE, SOUTH CANTERBURY

On display our Suffolk, South Suffolk and Charollais Rams destined for the Canterbury and Fielding Stud Ram fairs. As well as our 100 commercial Suffolk, South Suffolk and Charollais cross rams. These are wintered in one mob on turnips.

We specialise in producing rams for the hill country. Belmont is an 800ha rolling to steep Hill country property ranging from 165 to 550m above sea level.

The majority of our ram clients are in the Mackenzie Country and Central Otago. Sires used in all 3 Waterton Studs have performed very well in SIL and the Beef and Lamb CPT trial.

Our breeding objectives are:

- Easy lambing
- Fast growth rate
- Well-Muscled
- Moderate Framed
- And last on Hill Country

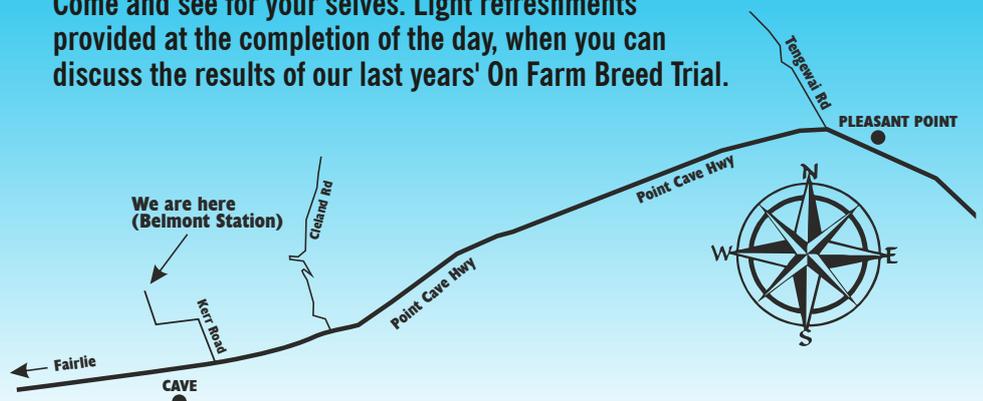

Don't just take our word. Hear what our clients say:

“ We mate 2500 Merino ewes to Waterton Suffolk rams. We lamb from late September, unshepherded on the hill and usually produce 3000 lambs. About 50% are killed off their mothers Mid January at 18kg CW.” – Ben Purvis, Cluden Station, Tarras. ”

“ Hamptons have been supplying rams to us for more than 30 years. We start to lamb our ewes around the 20 July and start drafting around the last week of October with the lambs carcass weight being 18.5 to 19 kg. ” – Phil Sloper, Mid Canterbury ”

Come and see for your selves. Light refreshments provided at the completion of the day, when you can discuss the results of our last years' On Farm Breed Trial.
